Matthew Ferris CAO

4.0 A Public Submissions

5.0 A 2024 Budget

RECOMMENDATION:

That Council accepts the discussion on the August 19th 2023 Annual meeting for information.

Background .

Administration has initiated preparation for the 2024 Budget and is seeking guidance from Council on areas of concern and things they would like Administration to investigate:

Subjects could include:

- Split mill rates
- Land Use Bylaw Updates
- Strategic Planning initiatives.
- Reserve Goals
- Capital Projects
- Service Level changes

5.2 Northwest Fire Commitment Letter

RECOMMENDATION:

That Council accepts the correspondence for information

SUMMARY/BACKGROUND:

Letter is attached for review.

Fire Rescue International

August 5, 2023

Attention: All Onoway Reginal Fire Services Member Municipalities
Regarding: Soliciting Advice About Your Intent to Enter a New Agreement When Current Agreement Expires

Dear Mayors & Councils,

During our AGM this spring I asked that it be added to the agenda Fire Rescue International (FRI)'s request that each municipality return to their respective councils and discuss the long-term interest they have (or do not have) to continue within the Onoway Regional Fire Services Group that we have formed together. Upon completing those internal discussions, FRI requested that each municipality provide a letter of intent concerning their municipality's general desire to continue to build on the service we have created together or choose another path towards fire services provisions. To date, FRI has received no responses.

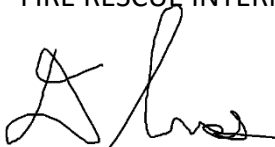

Of course, a letter of intent at this stage would not be a commitment as the terms, conditions, and fees of a new contract have not been yet brokered. It would, however, help FRI with some of our long-term capital purchase planning. Letters of intent will also help FRI leadership in terms of longer-term legacy and/or succession planning. This type of guidance from your council will help FRI continue to deliver the city-like performance we are known for as well as prepare for the future our member municipalities dictate.

Box 1550 Onoway, AB T0E 1V0
780-777-4688
1-855-710-3473
di@secondwindenterprises.com

FRI advocates strongly for continued collaboration between the ten municipalities and in fact, would welcome a dialogue that might invite additional municipalities into the fold (such as Birch Cove, Sunrise Beach, Sandy Beach, West Cove, and possibly Lac Ste Anne or Seba Beach as well). FRI believes there is strength in numbers and by retaining or even adding to the membership, we may be in a position to improve the current level of service at no additional cost per title or maintain the current level of service and actually cut the cost per title for service delivery. Of course, all options are on the table and will be subject to the wishes of the elected officials of our member communities.

If possible, on behalf of Fire Rescue International I request that your municipality consider signaling it's contract re-negotiation preferences by way of a letter of intent to FRI by September 30th if possible. Once in hand, FRI can govern itself accordingly and prepare for the next stage of contract negotiations with those who are interested: 2024 Terms, Conditions, & Levels of Service commencing 2026). If it would be helpful, I can make myself available to come before your council to answer any fire service questions or discuss the merits of building on the success we have created together as a team.

Kind Regards,
FIRE RESCUE INTERNATIONAL

A handwritten signature in black ink, appearing to read 'David Ives', written over the printed name below.

David Ives
Fire Chief

5.3 Request to Waive Tax Penalties Roll 3310010

RECOMMENDATION:

That Council waives the tax penalties of Roll 3310010 for a total of \$780.26 on the condition taxes are paid within 5 business days of this motion.

SUMMARY/BACKGROUND:

The landowner of property 3310010 contacted the administration, expressing their concern about the tax penalties incurred on their property. They explained that they had entrusted their son with the responsibility of tax payment, only to discover that their son had not fulfilled this obligation. The cumulative tax penalty amounted to \$780.26.

Landowner's Contributions:

Despite the oversight regarding tax payment, the landowner highlighted several instances where they have actively supported the village:

1. **Weed Disposal:** The landowner allowed the village to dispose of weeds on their property. They expressed their willingness to continue offering this assistance, which has been valuable for the village's maintenance efforts.
2. **Stormwater Project Access:** They granted the village access to their property for the implementation of a stormwater project, even though an easement for services was not in place. This selfless act benefitted neighboring properties more than their own.
3. **Transformer Fire Incident:** When a transformer fire occurred, resulting in damage to their gate due to the fire department's response, the landowner did not seek compensation for the incurred damage.

Landowner's Commitment:

The landowner has conveyed their understanding of the tax payment oversight and their sincere intention to rectify the situation. They have stated that, should the Village Council decide to grant the waiver request, they are committed to promptly paying in full the outstanding taxes, along with any principal amount that was due.

Consideration:

Taking into account the landowner's willingness to collaborate with the village on various occasions, their acknowledgment of the tax payment error, and their commitment to paying the outstanding taxes, it's worth considering the waiver of the accrued tax penalties.

Recommendation:

Given the landowner's positive contributions to the village, their understanding of the situation, and their commitment to paying the outstanding taxes, I recommend that the Village Council grant the request for waiving the tax penalties of \$780.26 associated with property 3310010.

6.0 Development Matters

7.0 A. New Business Alberta Beach 50 plus Club Letter of Support

RECOMMENDATION:

That Council directs Administration to send the attached letter of support to the 50 plus club regarding the horizons grant.

SUMMARY/BACKGROUND:

Attached is the information regarding the grant

- the name and a description of the organization offering the support
- your name, position title, and signature, as well as the date
- where possible:
 - be written on the author's organization letterhead
 - include the website address, email address, postal address and phone number

Letters must clearly endorse the project and clearly demonstrate the following:

- your knowledge and support of the **organization**
- your knowledge and support of the **proposed project**
- the **need** that will be addressed by the proposed project in your community
- the project's likely **benefits** to the community

The project endorsement within a letter of support will be assessed by the Department. The letter will be evaluated against the NHSP program objectives and the National Priorities of the Call for Proposals (CFP).

In addition:

- if you are aware of a previous activity the organization undertook that was a success, you may wish to reference this in the letter to demonstrate your view of the organization's value to seniors
- once completed, the support letter needs to be sent to the organization/applicant for them to submit with their application package

Letter template

7.0 B. Emergency Management

RECOMMENDATION:

That Council accepts the discussion for information.

SUMMARY/BACKGROUND:

Administration has reached out to the County trying to finalize an emergency management agreement. This has included even drafting a sample agreement to help finalize discussions. The County has indicated they will be waiting for responses for other parties prior to moving forward.

7.0 B. Stormwater Upgrade Policy

RECOMMENDATION:

That Council adopts the Stormwater Upgrade Policy as presented.

SUMMARY/BACKGROUND:

With the completion of our stormwater and road capital plans and the potential of new development in the community it was determined that additional policies need to be put in place to ensure that developers are aware of the requirements should they proceed with development. This policy will address stormwater upgrades in multiparcel subdivision

Stormwater Improvement Upgrades Policy

Policy No. 2023-02

Approved:

PURPOSE:

To establish guidelines for the Summer Village of Sunset Point's approach to stormwater management in multiparcel subdivisions, ensuring that developers contribute to the installation of stormwater capital improvements as necessary to align with the Village's infrastructure plans.

SCOPE:

Application and Responsibilities:

1. This policy is applicable to all multiparcel subdivisions consisting of more than three lots within the geographic boundaries of the Summer Village of Sunset Point.
2. The Summer Village of Sunset Point recognizes the importance of effective stormwater management in preventing flooding, erosion, and maintaining the overall environmental health of the community.
3. When a multiparcel subdivision of more than three lots is created, the developer shall be responsible for identifying and installing stormwater capital improvements as specified by the Village's infrastructure plans. The infrastructure plans are available on the Summer Village's official website under the "Strategic Planning" section at:

<https://sunsetpoint.ca/strategic-planning>

4. Stormwater capital improvements refer to any modifications, enhancements, or construction projects related to stormwater drainage, retention, and conveyance systems that are identified as necessary by the Village's infrastructure plans.

5. The developer is responsible for all costs associated with the engineering, design, and installation of the identified stormwater capital improvements.

Implementation and Coordination:

1. The developer is required to review the Village's infrastructure plans and identify stormwater capital improvements that are relevant to the new subdivision. This review shall be conducted in consultation with the Village's Planning and Development Department.

2. If the proposed multiparcel subdivision is located within 250 meters of the identified stormwater capital improvements, the developer must include plans for the installation of these improvements as part of their development proposal.

3. The developer shall submit their proposed stormwater capital improvement plans to the Village's Planning and Development Department for review and approval. The plans should outline the scope, design, cost estimation, and construction timeline for the proposed improvements.

4. Upon approval of the stormwater capital improvement plans, the developer is responsible for funding and completing the installation of the identified improvements in accordance with the approved plans and relevant regulatory requirements.

5. The terms of the developer's responsibility, including the financing of engineering, design, and installation costs, shall be detailed in a formal development agreement between the developer and the Summer Village of Sunset Point.

Compliance and Enforcement:

1. Failure to comply with the requirements of this policy may result in delays in the approval of development applications or permits related to the multiparcel subdivision.
2. The Summer Village of Sunset Point reserves the right to inspect and verify the proper installation of stormwater capital improvements to ensure compliance with approved plans and policies.
3. In cases of non-compliance or inadequate installation, the Village may take necessary enforcement actions, which may include penalties, fines, or legal measures as per applicable bylaws and regulations.

This policy shall come into effect on the date of approval and shall remain in force until amended or rescinded by the Summer Village of Sunset Point Council.

8.0 Committee Reports
A. Councillor Reports

Recommendation:

That Council accepts the Committee Reports for information.

Background.
