4.0 A Public Submissions

5.0 A 2024 Budget

RECOMMENDATION:

That Council accepts the discussion on the 2024 Budget.

Background .

Administration has initiated preparation for the 2024 Budget and is seeking guidance from Council on areas of concern and things they would like Administration to investigate:

Subjects could include:

- Split mill rates
- Land Use Bylaw Updates
- Strategic Planning initiatives.
- Reserve Goals
- Capital Projects
- Service Level changes

The Budget in its current form will require approximately \$31000 to be cut from it should the municipal tax rate change be restricted to a 2% increase assuming the current assessment numbers do not change.

Areas of potential reductions include but are not limited to:

- \$25000 strategic plan
- \$50000 MDP and LUB updates
- \$10000 road reserve
- \$17,000 to County Road Upgrades

5.B Fire Services

RECOMMENDATION:

That Council accepts the discussion for information

SUMMARY/BACKGROUND:

At the fire Services meeting there were multiple discussions ranging from the contract with the name change. Service charges from the Town of Onoway and non cost call outs. Copies of the 2023 callouts that cost the village nothing are also attached.

5.C Pot Hole Repair

RECOMMENDATION:

That Council accepts the discussion for information

SUMMARY/BACKGROUND:

The contracted hired to fill in all pot holes cancelled the project due to weather. As such have rescheduled for the spring.

5.D Municipal Service Package

RECOMMENDATION:

That Council accepts the discussion for information

SUMMARY/BACKGROUND:

It was requested at the TriVillage Regional meeting that MSP come up for discussion as such Administration is seeking direction on if there is anything Council wants prepared for that Item.

5.E Garbage Collection

RECOMMENDATION:

That Council xxx

SUMMARY/BACKGROUND:

Prior to the end of the year Administration needs some direction on changes to the garbage service.

If Council wants to switch garbage to a yearly utility bill Administration needs the direction now so that there is enough time to develop the applicable utility.

Administration also reached out to the camp to see about the implication of a utility bill option for them. They indicated their preference would be they do not have the service at all from the village of they had the choice.

Options

1. That Council directs Administration to implement a solid waste Utility Billing System.
2. That Council accepts the discussion on solid waste collection for information
